Early Years

1974 – Field Trip to Pembrokeshire

Ichthyosaur, Whitby

Early Years

**Approaching a fumarole in the crater of Vesuvius
April 1981**

**FGS group with Dr Paul Olver on the
Capel Curig Pinnacles - Apr 1983**

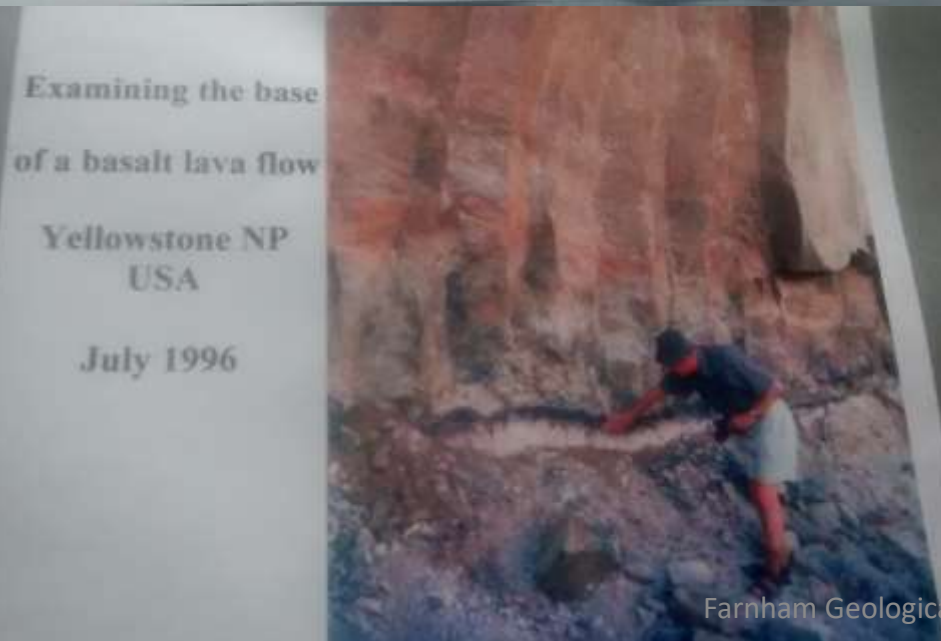

Early Years

Scoria cones near Mont Bonnet - Auvergne
Leader – Reg Bradshaw Sept 1990

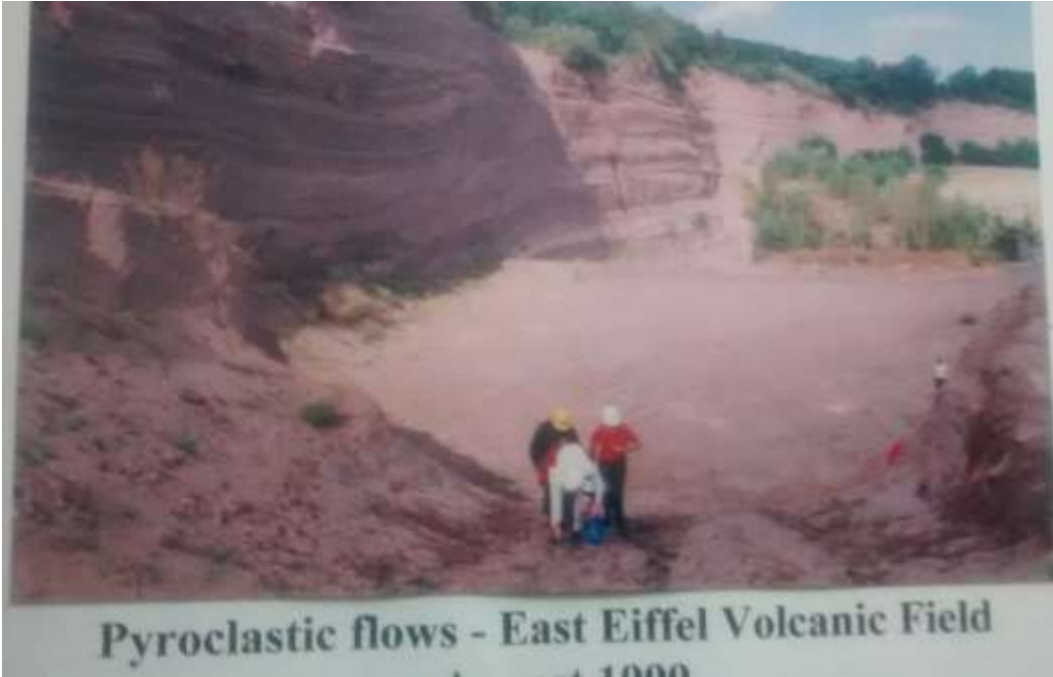

Fossil Butte quarry - Green River formation
Eocene Aug 1996 Ivan Dyreng

Examining the base
of a basalt lava flow
Yellowstone NP
USA
July 1996

Early Years

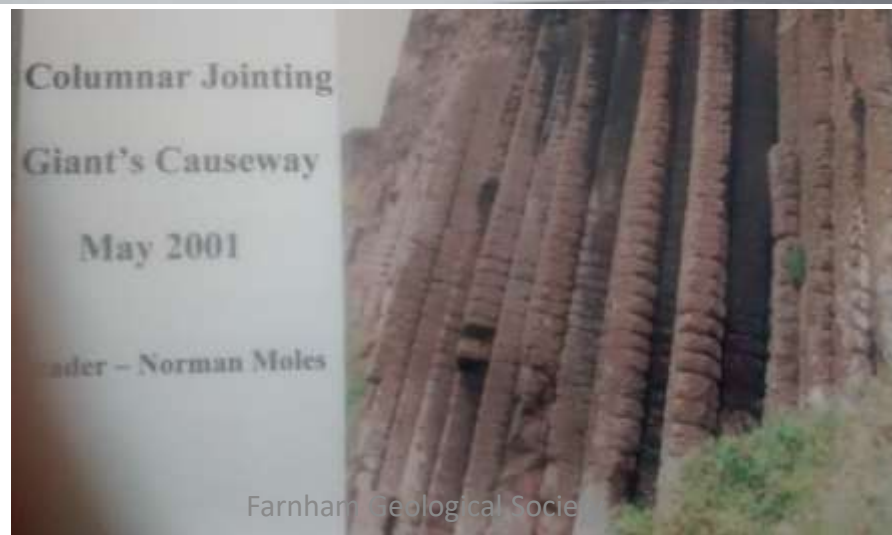

Malta 1999

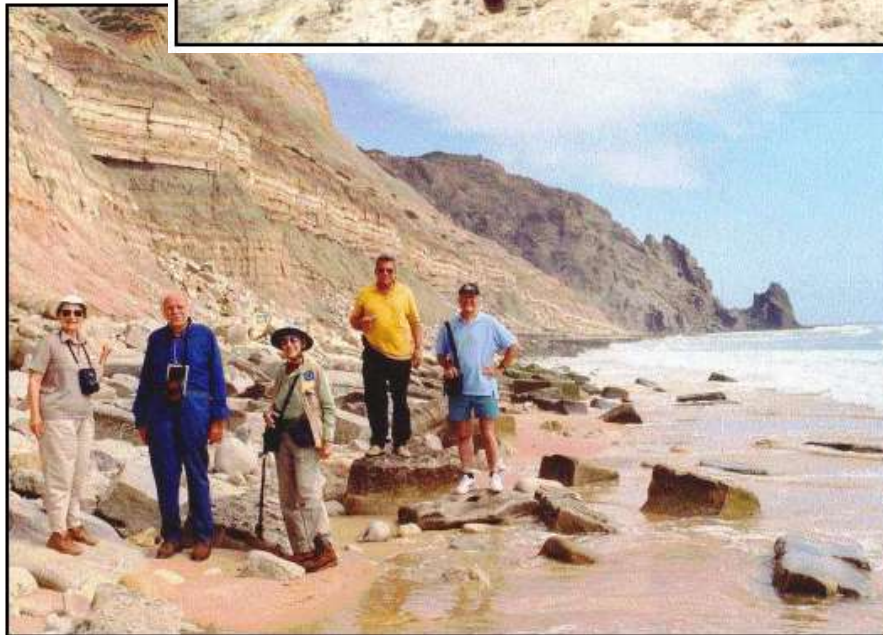

Gozo Azure Window,
typical field trip weather !

Giant's Causeway 2001

Italy and Algarve; both in 2002

*Fumaroles
on Volcano*

*Sandstone and limestone cliffs between Lagos and Luz. Dark outcrop
is basalt and explosion breccia volcanic neck and dolerite dyke.*

Vesuvius' crater & rim

Normandy for D-Day 60th Anniversary 2004

Sea Front St Aubin

Shallow marine – intertidal flat sediments & burrows

USA and Canada 2004

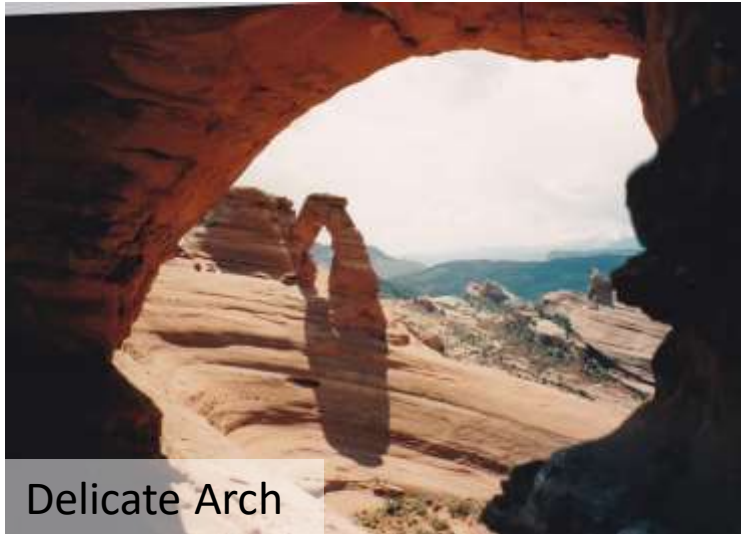

Icefield Parkway with
Group - Igneous exposure

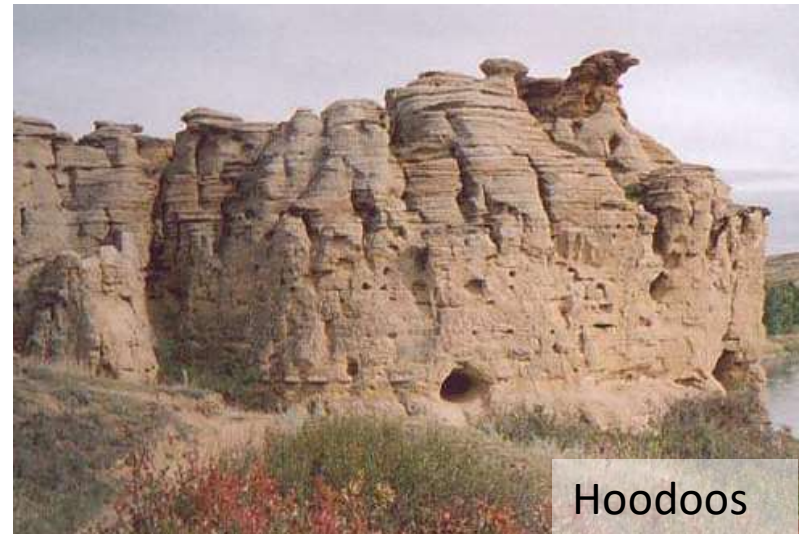

Liberty Bell Nth.
Cascades

USA and Canada 2004

Delicate Arch

Hoodoos

North Shropshire 2006

Much Wenlock

Hoffman Kiln at Llanymynech

Anglesey 2007

Denise Bates and the FGS

Type section of the South Stack Formation, at South Stack lighthouse

Tight folds in New Harbour Gp

South Ireland 2007

Skellig Michael (monastery on the top)

FGS hear a fascinating story

Aberdeen and the Grampians 2009

Madeira 2010

Quaternary lava tunnel, Sao Vicente

Seixal Quaternary lava flow (B5)

Mugarite lava on sediments, Cais

'Poor man's' Pahoehoe lava, Cais

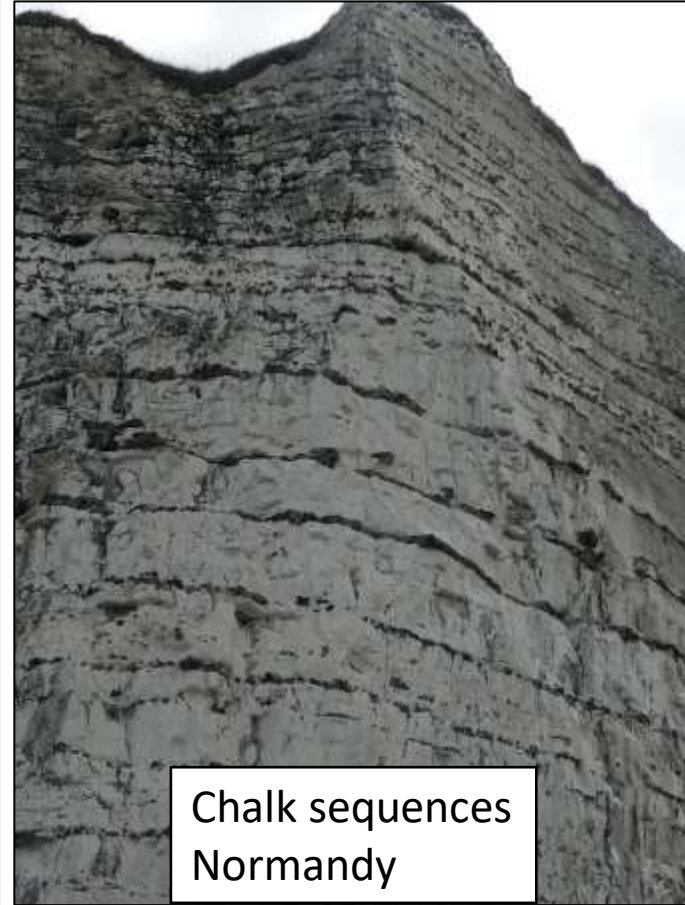

Normandy (2006) & Flamborough Chalk (2014)

Flint Bands
Close up

Flamborough Head

Chalk sequences
Normandy

Northumberland & Borders 2012

FGS members descending to
Hutton's Unconformity at
Siccar Point

Group photo on
Holy Island

Jersey 2013

Rozel Conglomerate

Feldspars with Reaction Rims

Complex Faulted Granite-Gabbro Junction

Granite clast in later basalt

North Yorkshire 2014

Jurassic Channels Whitby

Cleveland Ironstone

Marine Permian, Durham

Magnesian Lst,
Concretionary
Nodules,
Middlesbrough

Pondfield and Warbarrow 2014

Dumfries & Galloway 2015

Sedimentary Slumping in
Carboniferous Sandstones

Mull, Staffa & Iona 2017

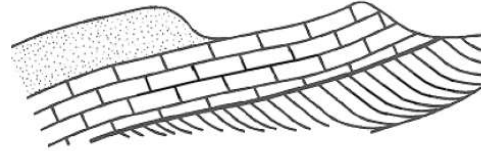

Ponded two-tier Staffa
Formation Lavas, Mull

A local group
within the GA

Thank you to all the field trips leaders, organisers, site owners and participants for making the FGS field trips such a successful programme of geological exploration.

Stay tuned for more field trips
in the coming years.
